ABOUT FLORI

Flori is a Sanlorenzo SD96, built 2022 and refitted 2024, with exterior lines and naval architecture by Zuccon International Project and interiors by Studio Patricia Urquiola. At 29.6 metres she accommodates eight guests in four en-suite cabins, with the full-beam master on the main deck opening to a private terrace.

The sky lounge is the yacht's defining space. The portside glass balcony door slides fully away and the aft doors fold back entirely, so the lounge becomes an open deck when the weather allows and a glazed saloon when it does not. Urquiola's material palette runs throughout — considered, contemporary, and built to Sanlorenzo's standard.

A crew of six runs the yacht, under Captain Georgios Goulas. Chef Emmanouil Kalogerakis cooks aboard. Stabilisers work at anchor and underway, and Starlink covers the yacht throughout.

She carries a Williams Dieseljet tender, Seabobs, an eFoil, paddleboards, and snorkelling equipment. Based at Astir Marina Vouliagmeni, she is an hour from Athens airport and positioned for the Cyclades, the Saronic, and the wider Aegean. Cruising speed 13 knots, maximum 17.

TECHNICAL SPECIFICATIONS

Builder	Sanlorenzo	Fuel consumption	340
Model	SD96	Flag	BG
Type	power	Hull material	GRP
LOA	29.6 m	Hull config	Semi-displacement
Beam	7.6 m	Naval architect	Zuccon International Project
