ABOUT KOJU

KOJU, a 36.91-meter Benetti motor yacht launched in 2022, embodies contemporary design excellence while drawing inspiration from the Italian shipyard's iconic 1960s heritage. Built as a modern evolution of Benetti's hugely popular Navette line, this multi-award-winning vessel offers discerning charterers an exceptional combination of style, comfort, and functionality across the Caribbean and Bahamas.

Interior design by Lazzarini Pickering creates an inviting contemporary aesthetic throughout the yacht, with flowing spaces that maximize both intimate moments and social gatherings. KOJU accommodates up to ten guests across five thoughtfully appointed cabins—a full-beam master suite, VIP cabin, and three additional double or convertible accommodations—all served by a professional crew of eight who understand the nuances of luxury hospitality.

The exterior spaces reveal KOJU's true character as a charter masterpiece. An intimate, cocoon-style observation deck provides the perfect vantage point for sunrise coffees or sunset cocktails with unobstructed views. The foredeck features a swimming pool paired with generous sun pads for those seeking leisurely days under the sun. The generous beach club at water level showcases a retractable canopy, seamlessly transitioning between social entertaining and private relaxation, while a Jacuzzi adds another layer of onboard indulgence.

Powered to achieve speeds of 16 knots with a cruising speed of 13 knots, KOJU benefits from an impressive 3,800-nautical-mile range, enabling extended voyages throughout her operating regions. The yacht is exceptionally well-equipped with water toys and tenders designed to maximize guest enjoyment: a 35-foot Intrepid towed tender, jet skis, seabobs, stand-up paddle boards, kayaks, an eFoil, flyboard, waterslide, and an array of inflatable water toys ensure every taste for adventure is satisfied.

Available for KOJU charter primarily throughout the Bahamas and the broader Caribbean—including the Grenadines, Windward Islands, Leeward Islands, and Virgin Islands—the yacht operates year-round with weekly rates from €160,000. Whether seeking island-hopping adventures across the Exuma Cays or leisurely exploration of pristine anchorages, KOJU delivers the complete modern charter package with elegant surroundings, versatile spaces, and comprehensive amenities that define contemporary superyacht travel.
