ABOUT O'PATI

O'PATI is a striking 39.5-meter motor yacht built by Golden Yachts in 2011, combining aggressive contemporary styling with exceptional performance capabilities. Designed by the acclaimed Studio Giorgio Vafiadis of Italy—who created both her distinctive exterior lines and sophisticated interior aesthetic—O'PATI was engineered by Hydrotec and honored with the International Superyacht Society Award for Best Power Yacht in the 24–40 meter category in 2012, a testament to her design excellence.

Powered by three MTU 16V 2000 M91 diesel engines, O'PATI delivers an impressive maximum speed of 32 knots with a comfortable cruising speed of 24 knots, making her ideal for swift island-hopping across the Greek archipelago and Eastern Mediterranean. This capability, paired with her refined interior, distinguishes her as both a performance vessel and a luxury floating residence.

The yacht accommodates up to 12 guests across five staterooms: a master suite and four additional cabins comprised of three doubles and two twins, each appointed with en-suite facilities and finished in contemporary materials that reflect her modern design philosophy. A professional crew of eight ensures seamless operations and attentive service throughout your voyage. Her generous beam of 7.52 meters creates remarkably spacious accommodations and abundant exterior entertaining areas, including a sun deck with generous sunpads and multiple alfresco dining venues.

O'PATI has benefited from comprehensive refits across multiple years (2013–2017), including a complete hull repaint and new teak deck, maintaining her in immaculate condition. Her impressive array of water toys—including tender, jet ski, and water sports equipment—enhances the guest experience, while a high-tech entertainment system and discrete aft-deck shower add practical luxury amenities.

Based in Marina Zeas, Piraeus, O'PATI charter is available throughout the Ionian Sea, Greek Islands, and Eastern Mediterranean, including Turkish waters. Whether exploring secluded anchorages or accessing cosmopolitan ports with exceptional speed, an O'PATI charter offers a rare combination of contemporary design sophistication, outstanding performance, and the full-service luxury that discerning clientele expect from a Golden Yachts superyacht.
