ABOUT SEAGULL MRD

SEAGULL MRD is a 49.9-meter Benetti motor yacht delivered in 2020, representing a contemporary approach to Mediterranean superyacht charter. Built with a steel hull and aluminium superstructure, she combines Italian craftsmanship with purposeful design, offering accommodation for up to 12 guests across six double cabins, all attended by a professional crew of nine.

The yacht's tri-deck configuration is her defining characteristic, providing an exceptional volume of social and private spaces that elevate the charter experience. Her exterior design prioritizes leisure, with two swimming pools—one positioned forward and one aft on the sun deck—surrounded by generous sun pad arrangements. The bridge deck features a substantial dining setting, sit-up bar, and a forward lounge with curved modular seating, while the foredeck offers an expansive sunbathing area with integrated shade options. This thoughtful arrangement of outdoor spaces ensures that guests can transition seamlessly between social gathering and private relaxation throughout the day.

The interior benefits from Benetti's signature Italian design sensibility, emphasizing light-filled spaces and a contemporary aesthetic. The main deck master suite features a full-beam layout with his and hers bathroom facilities, providing the owner or primary guests with exceptional privacy and comfort. A bridge deck VIP suite offers an additional premium accommodation option, while the remaining guest cabins ensure that all passengers enjoy well-appointed surroundings. Modern conveniences including air conditioning throughout and WiFi connectivity maintain guest comfort and connectivity while cruising.

Her beach club facility provides direct water access—a practical feature for swimming, water sports, and tender operations. The yacht's 16-knot cruising capability makes her well-suited to extended Mediterranean explorations, whether focusing on the Croatian coast from her Trogir base, the Greek islands, or the western Mediterranean's established superyacht circuits.

SEAGULL MRD charter availability positions her as an ideal platform for families, small groups, or corporate gatherings seeking the superyacht experience with flexible, well-proportioned accommodations and multiple entertaining venues.
